

# EvaluationKIT by Watermark™ Student feedback made simple

EvaluationKIT by Watermark streamlines the process of capturing feedback from students.

Safely and securely access course evaluations from directly within our LMS and provide completely anonymous feedback that will help us make timely decisions that will improve the quality of our offerings! When you submit your course evaluations, you're giving us valuable insight into how we can answer big-picture questions, improve our course and co-curricular offerings, and manage quality at all levels.

Share your feedback using EvaluationKIT by Watermark!
